The Navy College Program, NCP provides opportunities for college degrees by providing academic credit for Navy training, work experience, and off-duty education for Sailors. The NCP mission is to enable Sailors to obtain a college degree while on active duty. In support of the four R's: Recruiting, Readiness, Retention, and Respect, NCP signals Navy's commitment to education, improving enlistment appeal; demonstrates that Navy service and achieving a college degree are compatible; helps Sailors to apply themselves to new situations and challenges and better prepare themselves for advancement; builds up Sailors' self-image, and produces higher quality Sailors. The Navy College Program integrates all components of Voluntary Education. NCP is primarily geared toward enlisted Sailors. However, some NCP components are also available to officers. All together, the components of the Navy College Program can best serve the needs of our mobile Sailors. With NCP, we can provide uncomplicated access to information that will help them along the path to a degree, access to education no matter where they serve, and transferability of their college credit. Participation is voluntary. Sailors can decide to participate when they are ready and at their own pace.
